MEMORANDUM FOR: Executive Director

THROUGH: Deputy Director for Administration

FROM: Robert W. Magee
Director of Personnel

SUBJECT: Response to PFIAB Request for CY 1986-1990
Projected Resource Requirement

1. In response to the referenced requirement, the Operations and Intelligence Directorates have provided their projected human resource needs for CY 1986 through 1990. As noted by the Intelligence Directorate, they are in the process of conducting a more detailed study of issues addressed by the PFIAB request. The study is scheduled for completion in February 1985, and a copy will be provided to the Board.

2. The Office of Personnel provided attrition data on which straightline projections of losses for both Directorates are based. Increases in strength are a reflection of individual Directorate budget increases.

Directorate of Intelligence
Response to the President's Foreign
Intelligence Advisory Board Request
for Information on Human Resource Needs

The following is in response to the Board's request of 1 November 1984. A more detailed study of many of these same issues is being conducted in the Directorate of Intelligence with a scheduled completion date in February, 1985. A complete copy of the latter study will be provided to the Board. This response provides our best estimate now concerning our human resource needs -- including recruiting requirements -- in the FY 86-90 period. We believe that the thrust presented here is on the mark, but specific aspects may be adjusted pending the more comprehensive resource review.
